

## Bar Graphs

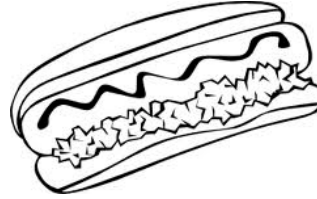

Use the information below to create a bar graph.

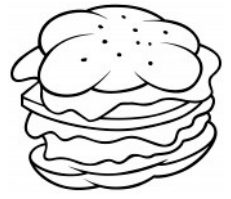

4 sandwiches

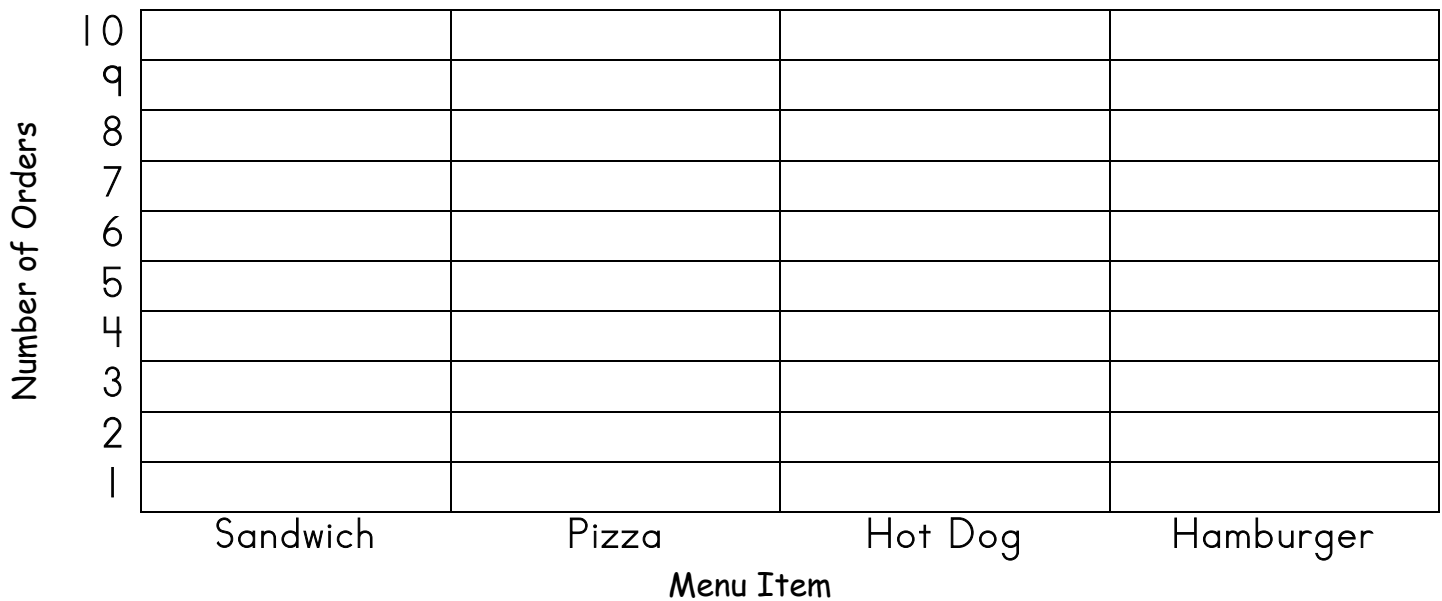

6 slices of pizza

7 hot dogs

4 hamburgers

Answer the questions below by using the bar graph.

1. Which item was ordered the most?

\_\_\_\_\_

2. Which item was ordered the least?

\_\_\_\_\_

3. Which two items were ordered the same amount of times?

\_\_\_\_\_

\_\_\_\_\_

4. How many more hot dogs were ordered than sandwiches?

\_\_\_\_\_

5. How many more slices of pizza were ordered than hamburgers?

\_\_\_\_\_

## Bar Graphs

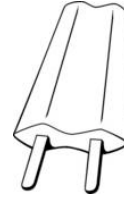

Use the information below to create a bar graph.

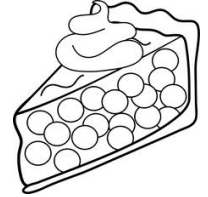

8 ice cream cones

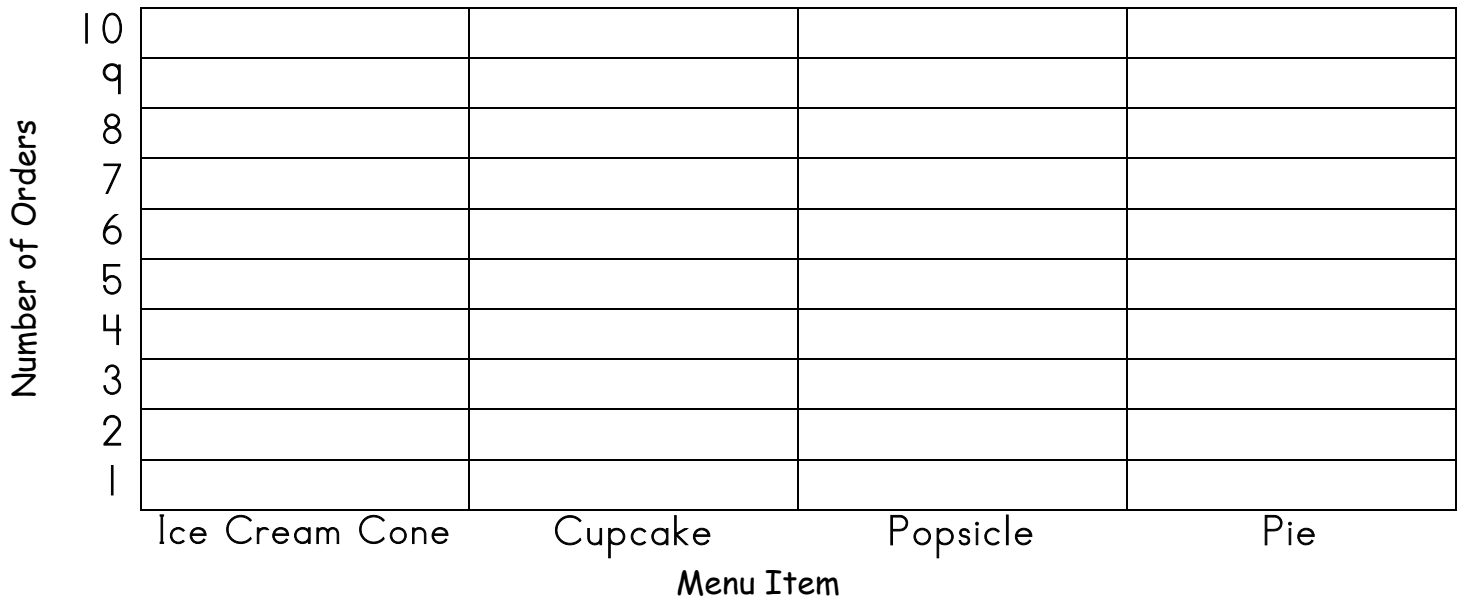

3 cupcakes

6 popsicles

6 slices of pie

Answer the questions below by using the bar graph.

1. Which item was ordered the most?

\_\_\_\_\_

2. Which item was ordered the least?

\_\_\_\_\_

3. Which two items were ordered the same amount of times?

\_\_\_\_\_

\_\_\_\_\_

4. How many more ice cream cones were ordered than cupcakes?

\_\_\_\_\_

5. How many more popsicles were ordered than cupcakes?

\_\_\_\_\_
